**DECLARATION OF FACTS IN SUPPORT OF FILING
ON BEHALF OF OMITTED INVENTOR**

Commissioner for Patents
P.O. Box 1450
Alexandria, Virginia 22313-1450

Sir:

WILLIAM S. FROMMER declares that:

1. I am a patent attorney representing Sony Corporation, the assignee of the invention described and claimed in the above-identified application. Sony Corporation ("Sony") is the owner of 100% of the title to this application by reason of Sony's purchase of assets, including this application, from Generic Media, Inc. of Palo Alto, California, the original

assignee of this application. Generic Media was the employer of the named inventors at the time the invention was made.

2. On information and belief, the above-identified United States patent application was filed on August 20, 2003 and has been assigned Serial Number 10/644,602. This patent application is a continuation-in-part (CIP) of U.S. application 10/465,805, filed June 20, 2003, which, in turn, is a continuation of U.S. application 10/141,966, which itself is a continuation of U.S. application 09/742,294.

3. The present CIP application 10/644,602 was prepared by Dr. Andrew Smith, Reg. No. 43,132 and was filed with claims 1-83. The inventors initially were believed to be Angela C. W. Lai; James Peter Hoddie; Howard E. Chartock; Christopher V. Pirazzi; Giovanni M. Agnoli; Steve H. Chen; and Jody Shapiro. On information and belief, Angela Lai was the project leader of the development effort resulting in the invention disclosed in this CIP application. On information and belief, this CIP application was reviewed and approved prior to its filing by at least Ms. Lai.

4. The present CIP application was filed without a signed inventors' declaration and was not accompanied by the filing fee. Shortly after preparing and forwarding the inventors' declaration, together with a copy of the application as filed, to the above-named inventors for their signature, Sony requested that certain of the originally filed claims be cancelled, namely, claims 25-28, 52-65 and 70-83. These claims were not cancelled heretofore, and the accompanying Preliminary Amendment cancels claims 25-28, 52-65 and 70-83.

5. As of September 7, 2003, all of the named inventors had signed the inventors' declaration for this CIP application, except Giovanni M. Agnoli and James Peter Hoddie.

6. On information and belief, as a result of the decision to cancel claims 25-28, 52-65 and 70-83, the inventorship of the subject matter defined by the remaining claims was investigated; and it was concluded that Giovanni M. Agnoli was not an inventor of the subject matter of claims 1-24, 29-51 and 66-69, all of the remaining claims.

7. On October 14, 2003, written inquiry was made by Dr. Smith of Mr. Hoddie, questioning when Mr. Hoddie would return the signed inventors' declaration; and on that same day, Mr. Hoddie replied that he was reviewing the CIP application and he did not know when he would complete his review.

8. On October 23, 2004, the entire file for this CIP application was transferred from Dr. Smith to William Frommer; and as of that date Mr. Hoddie still had not signed the inventors' declaration.

9. On November 25, 2004, William Frommer sent another inventors' declaration form to each inventor, except Giovanni M. Agnoli who was determined not to be an inventor of the subject matter of any of claims 1-24, 29-51 and 66-69, the claims that were to remain pending in this CIP application. As of the present date noted below, the inventors' declaration sent by William Frommer has been signed by Angela C. W. Lai; Howard E. Chartock; Christopher V. Pirazzi; Steve H. Chen; and Jody Shapiro. Mr. Hoddie still has not signed the inventors' declaration.

10. On December 1, 2003, William Frommer communicated by e-mail to Mr. Hoddie, sending him another copy of the inventors' declaration and requesting that he sign and return the inventors' declaration by December 15, 2003. On January 12, 2004, William Frommer sent another e-mail to Mr. Hoddie, noting that the inventors' declaration was due for filing in the Patent and Trademark Office by January 13, 2004 (in response to the Notice to File Missing

Parts) and asking when Mr. Hoddie would return the signed inventors' declaration. A follow-up e-mail inquiry was sent from William Frommer to Mr. Hoddie on March 9, 2004; and on March 16, 2004, Mr. Hoddie stated, in an e-mail to William Frommer that he had some questions concerning the application. On March 18, 2004, William Frommer attempted to answer those questions. On March 23, 2004, Mr. Hoddie sent another e-mail to William Frommer, including notes relating to portions of the application.

11. Mr. Hoddie has not expressly refused to sign the inventors' declaration. Nevertheless, as of the date of this Declaration of Facts, Mr. Hoddie has not signed the inventors' declaration.

12. It is my belief that Mr. Hoddie will not sign the inventors' declaration for this CIP application.

13. Sony will be irreparably damaged if the PTO does not accept this filing on behalf of omitted inventor James Peter Hoddie because important patent rights in the United States will be lost.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Respectfully submitted,

FROMMER LAWRENCE & HAUG LLP

Sir:

I, Koichi Wada, Manager Intellectual Property Division, Sony Corporation, am the person signing the declaration on the above-identified application on behalf of the omitted inventor and make this declaration as to the facts establishing my proprietary interest.

As of the date I signed the declaration for this application, the proprietary interest in this invention belonged to Sony Corporation, Tokyo, Japan (Sony); and I am authorized to

sign the declaration on behalf of Sony, my title being as evidenced by the attached Limited Power of Attorney to Take Action on Behalf of Sony Corporation.

I establish the proprietary interest by affirming that James Peter Hoddie, the omitted inventor, was an employee of Generic Media, Inc. of Palo Alto, California, at the time he made the invention disclosed and claimed in the above-identified application; and that Mr. Hoddie was under an obligation at that time to assign his invention to Generic Media. I further affirm that Sony Corporation purchased the assets of Generic Media, including the above-identified application, in September 2003.

I further declare that if the Declaration on Behalf of the Omitted Inventor is not accepted, the above-identified U.S. patent application will be abandoned and important patent rights will be lost.
